

ADD-ON SERVICES FOR DETROIT LEADERSHIP

Mobile Modular's Plus Add-On Services provided Detroit Leadership Academy with desks, tables, chairs, and other equipment to outfit their classrooms.

THE CHALLENGE AND SOLUTION

Mobile Modular's Plus Add-On Services program offers amenities that can be customized to fit your needs. Due to enrollment growth, The Detroit Leadership Academy needed an additional modular classroom building. With it, they had Mobile Modular provide a turnkey solution that included furniture and ADA-compliant aluminum deck, steps, and ramps. The furniture finishes were specifically chosen for the new 10-classroom building and options for a previous Mobile Modular building of 4 classrooms. Our turnkey Plus Add-On Services include delivery and project management from concept to completion. The DLA chose students' desks and chairs, teachers' desks with lockable storage, customized furniture for their computer lab and art workshop, and furniture for the principal's office, staff lounge, and workroom.

WHAT WE PROVIDED

- 104** Double student desks
- 236** Student Chairs
- 10** Teacher's desks
- 10** Teacher's chairs
- 10** Lockable cabinets
- 14** Computer lab tables
- 9** Art tables
- 2** Aluminum stairs with ADA-compliant ramp
