

PCL CONSTRUCTION OFFICE BUILDING

Mobile Modular helped PCL Construction continue its renovation of the Ritz Carlton Hotel by providing modular office buildings.

THE CHALLENGE

PCL Construction was renovating and adding an addition to the Ritz Carlton hotel in Naples, FL. PCL was looking for a modular building provider that could build offices for their on-site contractors.

WHAT WAS PROVIDED

Mobile Modular provided (1) 60 x 60 and (1) 12x56 for PCL and (1) 12 x 56 for their electrical sub (Tri-City); delivering where and when the customer had wanted and expected and completed this project on time and on budget.

Customer Name: PCL Construction

Project Location: Naples, FL

Building Type(s): Modular Office

Job Type: Lease

Total Sq. Ft.: 12,144 sq. ft.

THE SOLUTION

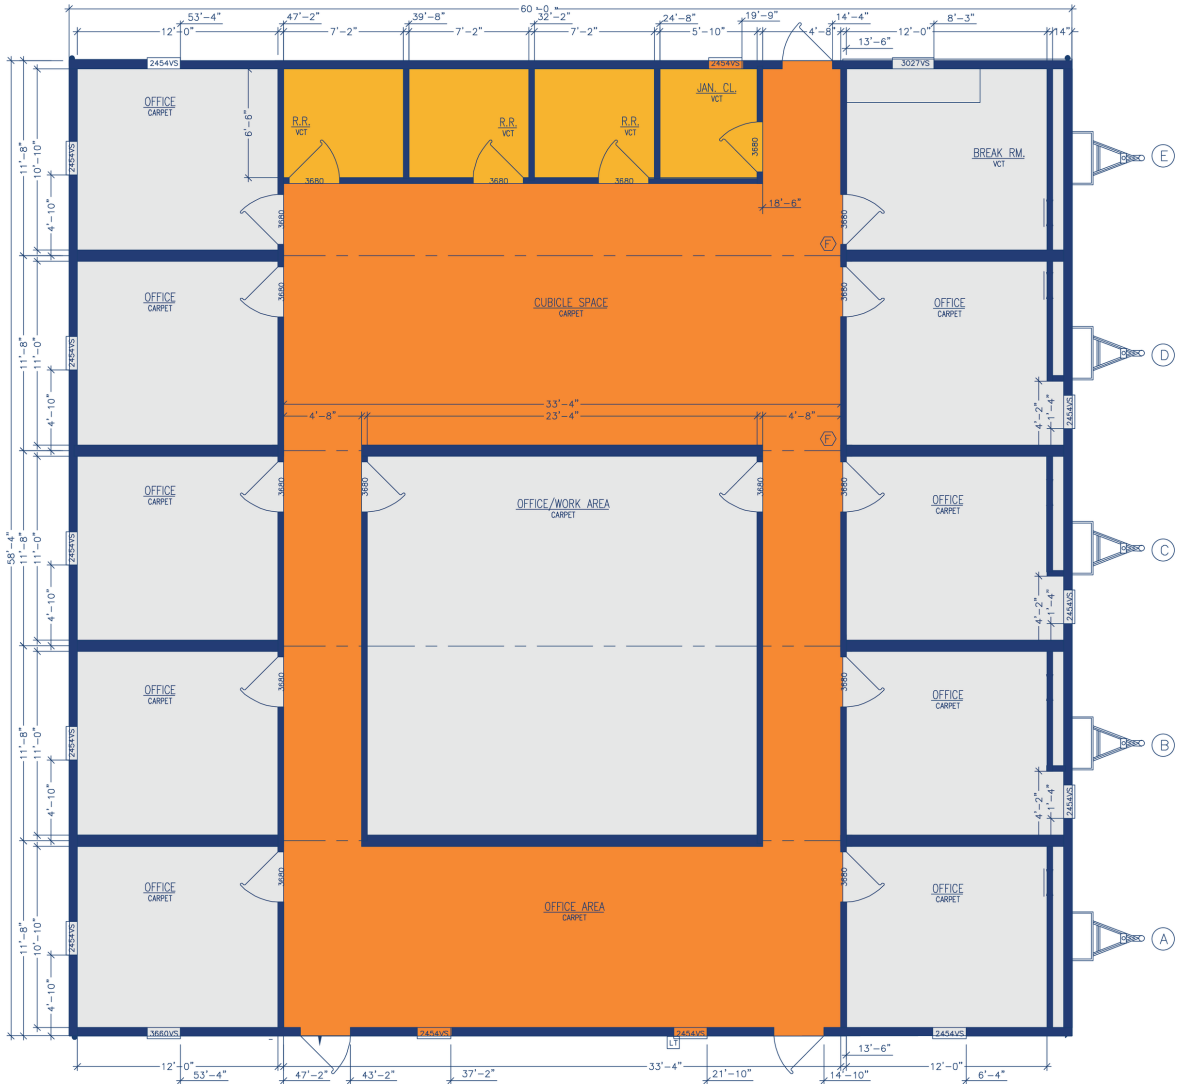

Mobile Modular was able to provide PCL Construction with an efficient turnaround time with new moduls for the fiveplex. Our team worked cohesively with our local engineer and setup crew to create a plan to offer a higher dry-stack install, which the county required due to the site being in a flood zone. Each pier also required to be surface bonded to ensure durability and strength in the area that could potentially be flooded.
