

# YALE UNIVERSITY ATHLETIC CLASSROOMS AND LOCKERS

Mobile Modular provided Yale with seven temporary facilities for use during a major renovation of existing Yale athletic department buildings.

## THE CHALLENGE

The athletic department at Yale University in West Haven, CT was ready to begin the repair and renovation of their existing facilities utilized by the football and track programs. During the renovation, the department wanted to keep their athletic programs on campus and needed space to continue operations which led them to acquire temporary facilities.

Mobile Modular was selected to provide 7 custom units for the campus ranging from locker rooms to exercise areas to massage therapy. With 29 floors [(1) 6-plex, (1) 5-plex, (3) 3-plex, (1) 7-plex, plus a double-wide] and a total of 18,368 sq. ft., Mobile Modular provided the custom modular buildings on campus at Yale University for a 2-year lease within the time frame provided.

**Customer Name:** Yale University

**Project Location:** West Haven, CT

**Building Type(s):** Modular locker rooms & classrooms

**Job Type:** Lease

**Total Sq. Ft.:** 18,368 sq. ft.

## THE SOLUTION

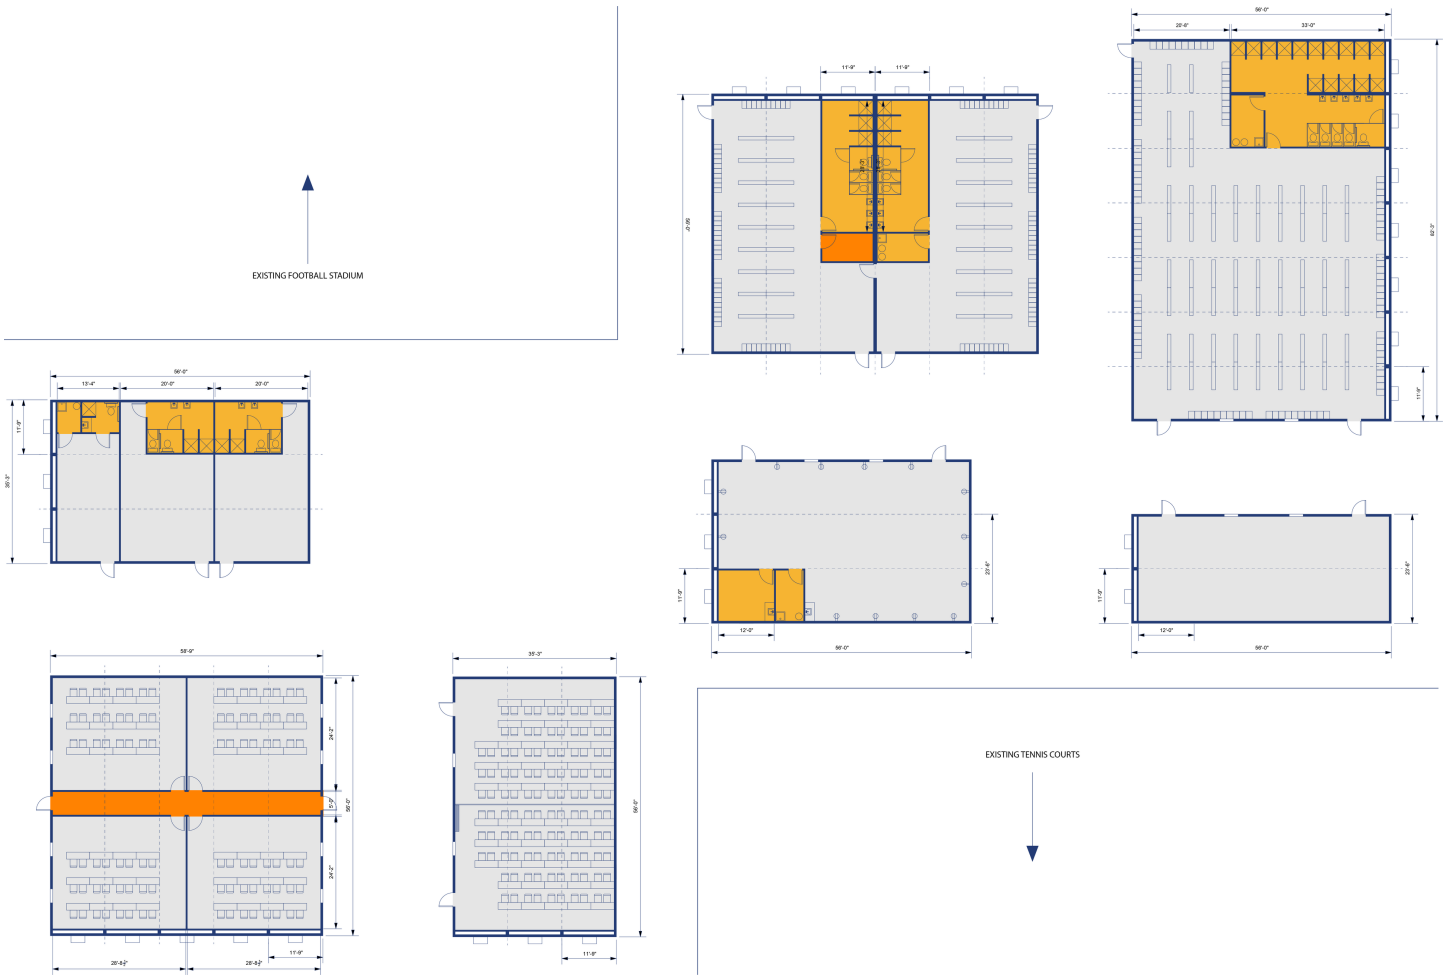

Mobile Modular worked with the athletic department heads and built 7 new units of various sizes to their specifications. The Mobile Modular team worked with Consigli Construction onsite during the installation process. We obtained engineered foundation drawings due to the local town inspector requiring low-grade footings. Upon Consigli's completion of foundation installation using the foundation drawings provided by Mobile Modular, we began the installation of 7 custom units on Yale's campus. After the building installation was finished, decks and ramps were added for accessibility. The modular building solution was essential for the Yale University Athletic Department and allowed the student-athletes to continue as normal during the renovations.
